To see faster improvements, get your child on board the Adaptably AI-Powered Learning Platform. Currently available to all primary school students for English, Math, and Science subjects. Huge Database of Exam-Based Questions Get access to over 10,000 PSLE/exam-based questions for targeted practice. Our curriculum writers have meticulously studied hundreds of past-year papers to craft questions that match commonly-tested exam formats on Adaptably. All questions come with detailed explanations to clear up misconceptions, ensuring every practice session is meaningful. So stop wasting precious time on random past-year papers or generic assessment books! Personalised Academic Coaching with Adaptably AI Tutor Our Adaptably AI Tutor acts as a personal academic coach for your child, analysing their strengths and weaknesses through cutting-edge data analytics. It provides tailored recommendations on the exact topics, worksheets, and questions to focus on, so your child can improve super fast without feeling overwhelmed. No more guesswork for parents—Adaptably AI keeps track of your child’s progress, ensuring your child is always working on the areas that matter most. Over 1,000 students are already benefitting from the Adaptably platform every month. Don't get left behind—give your child the education they deserve! Explore our range of live Zoom classes under the All-in-One Eureka Program; designed to help students build confidence, master key skills, and achieve breakthrough results. Eureka comes from Ancient Greek εὕρηκα (heúrēka) ‘I have found (it)’. It is an interjection used to celebrate a discovery or invention.The exclamation “Eureka!” is attributed to the ancient Greek scholar Archimedes. He reportedly proclaimed “Eureka! Eureka!” after he had stepped into a bath and noticed that the water level rose, whereupon he suddenly understood that the volume of water displaced must be equal to the volume of the part of his body he had submerged. Build strong foundations in English, Math, and Science with engaging lessons and proven strategies that make learning fun and effective. Bridge the gap from primary to secondary school with clear explanations, guided practice, and skill-based learning to help students adapt confidently to new challenges. Master advanced concepts and exam techniques for O-Level preparation. Our targeted approach ensures students strengthen their weak areas and gain exam confidence. Boost your child’s proficiency and confidence in Chinese through structured oral practice, thematic vocabulary, and techniques, frameworks, and strategies for Composition Writing and Comprehension. (Currently suitable for Primary 4 to 6.) A 2-day live online workshop that equips students with proven frameworks, vocabulary, and practice to excel in the PSLE English and Chinese Oral exams. A 3-day online revision bootcamp that helps students strengthen exam techniques, clear misconceptions, and achieve measurable improvements across all PSLE subjects. An intensive 3-day course focused on E-Math and A-Math mastery - helping students consolidate key concepts, reduce careless mistakes, and boost their final exam performance. We thank teachers in Grade Solution for their guidance towards Kai Xin in preparing for her papers. Her recent Math WA practice in school has seen improvement from AL4 to AL2. The teachers, Mr. Jerry, Mr. Jimmy, Mr. Andy, Ms Doreen etc. are all very kind and patient. Also, the "Adaptably" AI program is a good space for children to do their practices - the system marked the answers on the spot and the child can learn from the mistake immediately. A Great learning centre.
